Thanks, Randy! No worries-- David's been extremely helpful when we've needed GKM related info on a short turn around-- more than happy to return the favor. I have a preliminary answer and need to do a bit more digging to confirm that it's correct-- like Laura mentioned, some key folks are traveling today. Will get back to David as soon as possible.

Thanks again,

s.

Laura, thanks for following up.

Sona, I spoke with David Ostrander, Program Director, Region 8 Emergency Response about one hour ago and he mentioned that he needed the information ASAP. This request is in response to a Congressional inquiry we received earlier this morning. Sorry for the short-turn around but your expeditious handling of this request is much appreciated. If you don't mind, please send your response directly to [ostrander.david@epa.gov](mailto:ostrander.david@epa.gov) thanks again for your assistance.

Again, we need to know when and how the Navajo Nation was notified of the Gold King Mine Release incident.

Randy:

Some of our key folks are in transit right now, but Sona Chilingaryan from our Superfund team is going to run down a reply for you. Can you let her know your target deadline?
